Titled on "Greening the Future: Advancing Agricultural Economy and Sustainability
through Technology and Innovation" -10th Nov to 15th Nov 2025

It was a great Initiative by ATAL Academy. I am thankful to AICTE for giving me this opportunity to conduct online FDP for faculty members of technical Institute of India free of cost. I got huge response for registration as well as lots of compliments of arranging the online FDP, content and hands on. Overall, the FDP aspires to cultivate a generation of academic leaders who can drive transformative change at the intersection of education, innovation, agriculture, and sustainability. The total expenditure is Rs 1,02,917 and the **AICTE funding is Rs 1,00,000.** By engaging with expert-led sessions and collaborative discussions, faculty members will be better equipped to understand and apply cutting-edge technologies such as precision farming, artificial intelligence (AI), Internet of Things (IoT), biotechnology, and data analytics within the context of sustainable agriculture.
