24.	Summary of the Event	The Department of Management (BBA) of Dayananda Sagar College of Arts, Science and Commerce, under the guidance of IQAC, organized a guest lecture on "Understanding the Accounting Cycle: From Transaction to Final Accounts" on 28th October 2025 at 10:30 AM in Building 17, Seminar Hall. The session aimed to give 1st-year BBA students a clear understanding of the systematic process of accounting and its practical applications in business. Dr. Karthik discussed the fundamental concepts of the accounting cycle, including identifying and recording business transactions, posting entries to the ledger, preparing trial balance, making adjustments, and the preparation of final accounts. He also highlighted the importance of accuracy, consistency, and ethics at practices in accounting. Through practical examples, he explained how accounting information supports managerial decision-making and financial reporting. The session concluded with an interactive discussion where students clarified their doubts about journal entries and closing accounts. The guest lecture enriched the students' understanding of accounting fundamentals and strengthened their foundation for future studies in financial management.

FEEDBACK ON GUEST LECTURE

The guest lecture on 'Fundamentals of Accounting' was truly informative and engaging from beginning to end. You started by explaining the basic concepts of accounting with such clarity that even complex terms felt easy to understand. The way you broke down each topic step by step helped us strengthen our fundamentals and build a strong base for further learning. What made the session even more enjoyable was the interactive quiz activity. It encouraged all of us to participate actively, test our knowledge, and learn through fun and interaction. We also truly enjoyed the case studies you shared - they gave us a practical understanding of how accounting concepts are applied in real world business situations. We also appreciate the patience with which you addressed our doubts and the way you encouraged questions. It reflected not just your deep expertise but also your genuine passion for teaching and sharing knowledge. On behalf of all the students of the Department of BBA, I would like to express our heartfelt gratitude for taking time out of your busy schedule to share your knowledge with us. Thank you, Sir, for such an inspiring and memorable session. We truly look forward to more such sessions in the future.

Report

A guest lecture held on Tuesday on the topic "Understanding the Accounting cycle: From transactions to final Accounts" was a very useful and informative session. The speaker explained the entire accounting process in a simple and clear manner, which helped us understand how financial records are systematically maintained in every business.

We learned how business transactions are first recorded in the journal and then posted to the ledger. The importance of preparing a Trial Balance to check balancing errors was also highlighted. The speaker further explained how adjustments are made at the end of the accounting period to ensure accurate reporting of incomes and expenses. Finally, the process of preparing Trading Account, Profit and Loss Account and Balance sheet was clearly described. This helped us understand how financial statements show the profit earned and financial position of a business.

The session was interactive and examples were shared which made learning more interesting. Many of our doubts were clarified, and the lecture gave us more confidence in the subject of accounting. I thank our college and teachers for arranging such an informative session and hope to attend more lectures like this in the future.

Feedback on Accountancy Guest Lecture Conducted on 28/01/25

I would like to extend my sincere gratitude to you for organizing the guest lecture on accounting cycle. The session was extremely informative and helped us gain a much clearer and deeper understanding of the various steps involved, starting from identification of transactions to preparation of financial statements (final accounts). The guest speaker explained each step of the accounting cycle such as journal entries, ledger posting, preparing trial balance, adjustments and final accounts with great clarity and patience and shared some high-profile accounting scandals which provide excellent case studies for analysing failures within the accounting cycle, such as Sabzham, Kingfisher, Enron scandals etc. This helps us to understand how accounting principles are applied in real-life business situations.

Thank You for your support and guidance..

Yours Sincerely,

Pratiksha D.
