SEM

## feedback

Date: 13/04/2026

would like to start my feedback by saying that the AI and careers-related seminar was very informative and useful

The seminar provided a clear understanding of Artificial Intelligence and its importance in today's world. The speaker explained the concepts in an easy and understandable manner, which helped us grasp even complex topics.

We also got to know about various career opportunities in the field of AI and the skills required to succeed in them. The introduction to different tools, websites and practical applications was very useful and informative.

Overall, the session was interactive, well organized, and helped us gain valuable knowledge about future career paths in technology.

The career guidance part especially helpful, as it gave insights into different roles, required skills, future scope in AI related domains. The seminar has motivated me to explore this field.

U03CJRE50023

BCA 4<sup>th</sup> sem

This session was highlighted how problem solving, communication and practical knowledge abilities play major role in our career success. It motivating and encourage to take more responsibility for my personal & professional development.
