I am happy to share my feedback regarding the activity "Cloud Carnival - Learn, Play, Explore" conducted on 18.05.2026 by the Department of Computer Applications for BCA II Semesters Students.

The event based on COE - cloud computing was very informative, interactive, and enjoyable. The activities helped us understand the concepts of cloud computing in an easy and practical manner. The sessions improved our knowledge about cloud services, cloud storage, virtualization and real-time applications used in the IT industry which was conducted by Kiran Sir.

The games, quizzes, and technical demonstrations made learning more interesting and engaging. The event also encouraged teamwork, creativity, and problem-solving skills among students.

I sincerely thank the management, faculty members for organizing such a useful event.
