CIL Program

Thursday

It was a great experience. The session was well-organised and interactive we enjoyed learning from experts outside the classroom. It also made topic more interesting and easier to understand.

In CIL program first they conducted guessing round which made us think beyond the book. and 2nd round general group discussion that made exchanging information with teachers & what other points of view and so many things.

After they conducted interview round that made or from that round we corrected our review what not take we did. finally it helped us a lot we need more program like this.
