MCA 'A' section

The CodeTantra Platform conducted a 'CodeAthon' - coding competition in our college on July 9th. There were two rounds, in which I found the questions of the 1st round were quite easy and in the 2nd round the questions were bit difficult and applied level, so we went through the questions thoroughly and tried to understand and solve as much as we can. Overall, it was very beneficiary event by which we can improve our coding skills and problem solving skills.
