Feedback for the event "Peer - Led Placement Prep: A cross-class knowledge Exchange"

I found the Peer Led Placement Prep Session was extremely valuable & motivating, listening to our seniors share their real life placements experiences gave us the practical insights that cant be found in textbooks. Their tips on aptitude Preparation, resume building, & Interview Strategies were very relatable and easy to apply. The session helped clear many doubts we had about the placement process & made us feel more confident about our own Preparation.

The Peer-Led placement prep session was an eye-opening and enriching experience. It was encouraging to hear directly from our seniors who have recently gone through the placement process and secured jobs. Their honest sharing of challenges and smart preparation techniques made the session both informative and relatable. I especially appreciated the practical tips on handling HR and technical rounds, which gave us a better understanding of what to expect. This initiative created a strong sense of support and motivation among us juniors, and I feel more prepared and confident to face upcoming placement opportunities.
