23.	Summary of the Event	The R&D Cell of Dayananda Sagar College of Arts, Science, and Commerce serves as a dynamic hub for innovation and research excellence. The cell facilitates collaborations with industry, academia, and government bodies, promoting knowledge exchange and impactful outcomes. The workshop “Exploring Research Fundamentals: A Practical Exposure to Academic Excellence” was held on 25th January, 2025 from 9:30 AM to 5:00 PM, offering participants an engaging and insightful learning experience. Prof. Sarah Merlyn led the Session-I, covering statistical fundamentals and introducing AI tools to enhance research efficiency. The workshop balanced theoretical concepts with practical applications, equipping attendees with essential research skills. Dr. Jacqueline Kareem, the resource person, provided an in-depth exploration of advanced statistical concepts, integrating practical examples to enhance comprehension. The session maintained a balanced approach between theoretical knowledge and hands-on application, enabling attendees to grasp key research methodologies effectively. The workshop successfully equipped participants with essential research skills, empowering them to excel in both academic and professional research endeavours. The event concluded with an assessment test and a valedictory session, marking the successful completion of an insightful and impactful academic experience.

Resource Person Profile

Prof. Sarah Merlyn, Assistant Professor Global Academy of Technology

Sarah Merlyn is a dedicated Assistant Professor of Finance at the Department of MBA, RNS First Grade College, Bengaluru, India, where she imparts expertise in financial markets, investment strategies, and operations research. Hailing from Davangere and now based in Bangalore, she collaborates extensively with her husband, Dr. Sriyank Levi, an associate professor at Global Academy of Technology, co-authoring numerous peer-reviewed papers that explore empirical dimensions of Indian financial ecosystems.

Her prolific research portfolio, documented on Google Scholar with over 16 publications, garners at least 11 citations. Key works include "Fundamental and Technical Analysis Leads to a Systematic Investment Decision in Stock Market Equities" (UTKAL Historical Research Journal, 2021; 5 citations), analyzing stock forecasting via MACD indicators; "Effectiveness of NPA Control Measures in Managing Loan Assets in Banks" (Schooledge International Journal, 2019; 2 citations), addressing banking challenges; and "An Empirical Study on Performance of Emerging and Developed Stock Markets" (International Educational Scientific Research Journal, 2016; 2 citations). Other notable contributions cover FDI/FII impacts on NSE/BSE, Black-Scholes option pricing, capital structures in iron/steel firms, currency fluctuations on Nifty indices, and IT sector profitability.

On Academia.edu, Merlyn delves into brand equity, awareness, and associations through three focused papers. Her scholarship blends rigorous quantitative analysis with practical insights, serving on academic committees while fostering finance education. With a verified email at rnsfgc.edu.in, she remains active in shaping future financial leaders.

Dr. Jacqueline Kareem, Associate Professor, School of Education, Christ University

Dr Jacqueline Kareem, a Teacher Educator, holds two master's degrees in education and Sociology from Bangalore University, an MPhil and a doctorate in Education from Christ University, Bengaluru. She specializes in teaching of Didactics of Mathematics, Educational Psychology, Educational Technology, Quantitative Research Methodology, Assessment and learning, and Service Learning. Her major research interests are in the area of Educational Leadership and Management, Science and Mathematics Education, Educational Technology, Inclusive Education, and Service Learning. She is a trainer for implementation of STEM education, Education for Sustainable Development, AI in education, ICT in Education, Didactics of Mathematics of Sciences, and Statistical Software packages.

She has published research articles in reputed journals in the area of Organizational behavior, Service learning, Mathematics and Science Education, School and Higher Education, Inclusive education and Adolescence. She has completed minor funded research projects on STEM education and Education for Sustainable Development. She has co-edited two Scopus indexed books on Service learning and has two copyrights on Service learning to her credit.
