**Cell Annual Report 2025-2026**

**Cell Name - ISR CELL - DISHAA**  
**Annual Report of the Cell (From June 2025 to May 2026)**

DISHAA (Dayananda Sagar Institutions for Societal Health and Adventure Activities) is the Institutional Social Responsibility (ISR) initiative of Dayananda Sagar Institutions, dedicated to fostering social consciousness, community engagement, and responsible citizenship among students. The platform serves as a bridge between the institution and society, enabling students, faculty, and other stakeholders to actively participate in meaningful social service activities that contribute to the welfare and development of the community.

The primary objective of DISHAA is to provide students with opportunities to extend their learning beyond the classroom and develop a sense of empathy, compassion, and social responsibility. Through various outreach programmes and community service initiatives, DISHAA encourages students to become active agents of social change and contribute positively to addressing societal challenges.

DISHAA undertakes a wide range of activities focusing on health, education, environmental sustainability, community welfare, and humanitarian service. The initiatives include organizing blood donation camps, conducting awareness campaigns on health and hygiene, implementing Swachh Bharat Abhiyan activities, promoting environmental conservation through sapling plantation drives and water conservation programmes, and celebrating International Yoga Day to promote physical and mental well-being.

The organization also extends its support to underprivileged sections of society through educational assistance programmes, student support initiatives, donations to orphanages and old-age homes, and community outreach activities. Regular visits to orphanages and elderly care centers help students understand social realities and cultivate values of care, gratitude, and service. Programmes such as the Day of Gratitude and Students for Students initiatives further strengthen the spirit of giving and community support.

By engaging students from diverse academic disciplines in volunteerism and social service, DISHAA plays a vital role in nurturing leadership qualities, teamwork, ethical values, and civic responsibility. The platform contributes significantly to the holistic development of students by instilling the values of inclusivity, service, and sustainable development. Through its

consistent efforts and impactful initiatives, DISHAA continues to create socially responsible individuals who are committed to making meaningful contributions to society and nation-building.
