

“Environment Day Activity” - Eco Club (PRAKRUTHI) on 1st July 2020

Poster Presentation competition is organised by Eco Club to present the effect and influence of covid-19 pandemic to the environment.

The recommendations were given to prevent infection spread. The sketches were mainly related to the pandemic issues and environmental benefits in terms of pollution , Deforestation etc; the sketches were also based on the contribution of Police, doctors and nurses who were helping the people continuously. Students gave the presentations related to individual sketch and participated enthusiastically.

Around 30 students of IV Sem MCA and II Sem MCA actively participated in the event. They involved in poster presentations of Sketches drawn related to environment.
